Notice of Defective Appeal Brief

A review of Appellant's Appeal Brief filed 12/19/2006 has revealed that the application is not ready for an Examiners Answer. Accordingly, this Notice of Defective Appeal Brief is being sent to the Appellant. The matters requiring attention prior to and Examiners Answer are identified below:

Summary of claimed subject matter. A concise explanation of the subject matter defined in each of the independent claims involved in the appeal, which shall refer to the specification by page and line number, and to the drawing, if any, by reference characters. For each independent claim involved in the appeal and for each dependent claim argued separately under the provisions of paragraph (c)(1)(vii) of this section, every means plus function and step plus function as permitted by 35 U.S.C. 112, sixth paragraph, must be identified and the structure, material, or acts described in the specification as corresponding to each claimed function must be set forth with reference to the specification by page and line number, and to the drawing, if any, by reference characters. In this case appellant did not identify drawings, provide identification of all features in the independent claims and did not provide information on dependent claims argued separately.

A substitute brief that is in compliance with 37 CFR § 41.37(c) is required.

Since the above-mentioned Appeal Brief appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
